Here Are Entries in Service Club's 'Follies Queen' Contest; Vote for Your Choice

SUSIE JAMES
(Navy Club)

SHIRLEY WILSON
(4-H Club)

BARBARA CLEDON
(Rotary Club)

PAT GORHAM
(Legion)

MARY ELLEN LANGAN
(Wa-Tan-Ye)

BETTY NEWMAN
(Amvets)

MARILYN COOPER
(Jaycees)

ANITA HOPKINS
(Beta Sigma Pi)

Bouquets, attendants, prizes, a crown and a title will go to one of eight Dixon girls competing for the honor of "Queen of the Follies."

Sponsored by the Service club, the Follies will start Thursday, May 25, when the curtain goes up at 8 o'clock at Dixon high school auditorium.

When the curtain goes up, however, voting for the queen will end. Balloting began May 8.

Those competing are Betty Newman, Marilyn Cooper, Pat Gorham, Mary Ellen Langan, Anita Hopkins, Susie Jones, Shirley Wilson and Barbara Cledon.

Nobody knows who'll win the title and everything that goes with it until well into the show.

Founded in 1939 by Mrs. Gunder Torteason, the Service club will use the proceeds of the Follies to buy articles KSB needs but can't afford to include in a limited budget.

Two years ago the first Follies netted the club $4,000. The money was converted into bedtables and lamps for each of KSB's rooms. There was enough left over for a resuscitator.

This year the Service club hopes to raise enough money to buy another resuscitator and an oxygen tent. It also hopes to buy an iron lung, a current goal of the Amvet's auxiliary.

A professional director from New York will direct a cast of 100 Dixonites at both the opening Thursday and the repeat performance Friday night.

Mrs. Joseph Cochran is chairman of the 1950 Follies. Mrs. Albert Kennedy co-chairman.

Lanark Rapist, Serving 123 Years, Gets 60 Years More

Hoggatt Draws More Time From Judge

Missouri Sentence Imposed on Farmer

A 29-year-old Lanark farmer who was sentenced to 123-years imprisonment by Circuit Judge George C. Dixon was slapped with another 60-year sentence Monday.

Thomas Melvin Hoggatt drew the additional penitentiary term when he pleaded guilty to kidnapping a five-year-old girl.

Admitted Raping Girl

Judge Dixon imposed the original term when Hoggatt was convicted of raping a nine-year-old Lanark girl. He admitted taking the girl for a ride, into a schoolyard, attacking her twice, and then leaving her alongside a country road.

Since the crime occurred on Aug. 17, Judge Dixon decreed that Hoggatt spend each Aug. 17 in solitary confinement.

Under state law, Hoggatt must serve one-third of his sentence (41 years) before he's eligible for parole.

The father of three children, he was convicted Monday of taking a Hannibal, Mo., girl from her home shortly after he raped the Lanark girl. He had been hired by

(Continued on Page 6)

Betty Newman Trails Cledon By Six Points

At noon today, the standings in the Service Club's 'Queen Contest' saw Barbara Cledon leading the field by six votes, Betty Newman being in second place. The standings at noon were as follows:

Barbara Cledon	5,522
Betty Newman	5,516
Marilyn Cooper	4,748
Pat Gorham	2,811
Mary Ellyn Langan	2,585
Anita Hopkins	1,880
Susie James	1,097
Shirley Wilson	283

Votes for all candidates may be cast up to 8 o'clock curtain time Thursday night when the 'Follies' goes on at the high school.

FDR'S Favorite Grandson Takes Bride and Name

Santa Monica, Calif., May 23—(AP)—Curtiz (Buzzie) Dall, or Roosevelt, as he prefers, takes unto himself a bride today.

The 20-year-old grandson of FDR and Robin Edwards, 21, will recite their vows at St. Augustine Episcopal Church by the Sea, with many of the family, including Mrs. Eleanor Roosevelt, in attendance. The president's widow arrived by plane yesterday and was met by sons John and Jimmy.

Buzzie, who was the favorite grandchild of the late president, is the son of Anna Roosevelt and her first husband, Curtis Dall Sr. He has said that he intends to carry his mother's family name.

Mrs. Thompson Released from Jail on Bond

A 19-year-old bride of 60 days walked out of county jail today under $3,000 bond while her 17-year-old air corps husband stayed in.

They are Pvt. and Mrs. Brayton Thompson, Franklin Grove. Both were held in connection with five recent breakins in Franklin Grove.

Bond originally was set at $8,000 each by Justice Sterling W. Schrock, when the couple was bound over to the grand jury, but was reduced today.

Chief Deputy Sheriff Charles Redebaugh and Assistant Police Chief Frank Tyne recovered loot valued at $250 after the pair was arrested at the Dixon bus station 10 days ago.

A former resident of Washington, Ind., Thompson has been AWOL from the air corps.

Unless the April grand jury is recalled, the Thompsons will have to wait for the September grand jury to convene and to decide if there's enough evidence to bring them to trial for the breakins.

Sterling Man Dies in 'Mich Boul' Plunge

Chicago, May 23—(AP)—A 26-year-old war hero from Sterling, Ill., leaped to his death last night from the tower of a 20-story Michigan avenue building.

Police identified the man from personal papers as Joseph Amicucci. They said cards in his pockets indicated he had once attended Marquette university and was the winner of a silver star while in the army.

The victim plunged from atop the Lucien Lelong building at 6 North Michigan avenue, police said. His body landed in the middle of the busy thoroughfare.

Witness on the 17th floor said they saw Amicucci's body hurl past them.

He was the son of Mr. and Mrs. Dominick Amicucci, Sterling.

A coroner's jury, at an inquest today, decided Amicucci was a suicide.

His father, an employe of the International Harvester company Rock Falls plant, told the jury he could give no reason for his son wanting to take his life.

Police Sgt. Matthew Henderson said the young man took an elevator to the 20th floor of the building, climbed a stairway and opened a skylight to reach the roof.

Amicucci dropped out of college March 15. He had been studying engineering. His father said he last saw him during the Easter holidays.

Open Bids Friday on Elkhorn Creek Bridge

Springfield, Ill., May 23—(AP)—A call for bids on replacing a wrecked span of the Elkhorn creek bridge on State Route 2 near Galt, Whiteside county, was issued today by the state highway division.

Bids will be opened on Friday. A truck rammed into the bridge's west span a month ago.

Need That Haircut? Better Get It Now!

Dixon barbershops will close their doors Saturday evening at 9 o'clock to remain closed until Wednesday morning.

The closing will give the barbers an opportunity of enjoying a three day holiday, Sunday, Monday and Tuesday, Memorial day.

Mammy, Mammy

Van Nuys, Calif., May 23—(AP)—Al Jolson's son, Asa, is at that curious age, two.

He climbed onto the wash basin, reached into the medicine cabinet and gulped the contents of two small bottles yesterday.

He was hustled to an emergency hospital where a stomach pump brought back most of the 20 aspirin tablets he swallowed.

Sword-Swallowing Bird!

The Rev. Wendell Hansen holds a cod liver oil smeared sword for his trained 'sword swallowing' grackle.

The bird, one of 45 used by Rev. Hansen in sermons, eagerly swallows the 6-inch long piece of metal.

Truckers Must Pass Safety Test, Ruling

Springfield, Ill., May 23—(AP)—The state motor carriers division announced today that state police next month will begin arresting drivers of trucks which have not passed the spring state safety test.

The Illinois Truck Act requires semi-annual inspections—in April and October.

Dixon Gir! Goes to Sterling for Hubby

Another Dixon girl, Betty M. Barlow, 20, Route 4, went out-of-town for a co-signer on a marriage license issued today by County Clerk Sterling D. Schrock.

The outside male was Lester Leon Near, 21, Sterling.

Birds Brave Flames to Help Pastor

Birds dramatize the sermons of the Rev. Wendell Hansen, Waukegan, who's speaking this week at the Bethel United Evangelical church, N. Galena avenue and Morgan street.

A grackle swallows six inches of miniature sword, covered with cod liver oil, to illustrate faith and love.

Love birds fly through fire to dramatize the martyrdom of the early Christians.

The Rev. and Mrs. Hansen have a traveling troupe of 45 birds which sing, swing on trapezes, walk tightropes and do somersaults.

A canary chorus will stop if the accompaniest changes key and then continue in the new key.

Last August the Rev. Hansen received his doctor of philosophy degree in religion from the University of Iowa.

Rev. Hansen is showing his birds in talks at the Bethel United Evangelical church every night this week. This noon he appeared as guest speaker at the Dixon Lions club, Nachusa hotel.

Jury Trials Here Fewest in Years

The fewest number of jury trials in recent years!

That was the comment around the courthouse today when the first jury panel for the April term of Lee county circuit court was excused and the second panel forgotten altogether.

Twenty-three cases scheduled to go to a jury were settled out of court. There won't be another jury trial here until September, barring a crime, the recall of the grand jury and a subsequent case.

Accounting of Frank Nicholas Estate Sought

A sister of the late Frank M. Nicholas asked for a division of his estate and for an accounting from Eugene R. Minnihan, proprietor of a grocery store at 207 College avenue, according to complaint filed today with Circuit Clerk John O. Shaulis Jr.

Carrie Cheston, Easton, Pa., charged that Minnihan, a partner of her late brother, has failed to account for any of the rents or profits from the business since Nicholas' death in July, 1948.

She asked circuit court to bring about an accounting of all the revenues and expenses of the business since July, 1948.

Through Dixon, Bales and Gunher, she asked for a division of the estate among herself and 12 heirs. The 12 others are the children of two sisters and a brother who died before Nicholas. Three, Helen Jean Willever, Frank E. Willever Jr. and Betty Jane Willever, are from Beloit, Wis., the rest from Pennsylvania and New Jersey.

The complaint stipulated that if the property could not be divided fairly, it should be sold, with the proceeds going to the 13 heirs.

Hits Parked Car, Cab Driver Fined For Recklessness

A Dixon cab driver was involved in an accident, arrested, charged with reckless driving and fined $15 today—all in less than an hour.

Richard Saunders, 23, for whom police had no address, hit a parked car on Ottawa avenue and Third street about 8:50 a. m. this morning, according to police records.

He was arrested by Police Chief Harry J. Fischer, charged with reckless driving and fined by Police Magistrate Albert N. Kennedy.

The parked car was owned by Aloysius J. Berner, 910 Highland avenue.

Esther Williams 'Infanticipating'

Hollywood, May 23 (AP)—The Esther Williams-Ben Gage nursery can stand some enlarging, come next December.

The swimming actress said last night that she is expecting a second baby, due just before Santa Claus. The Gages' first child, Benjamin Stanton, was born last Aug. 6.

Songs Aid Sick

New York, May 23—(AP)—Singer Ezio Pinza and his wife have donated their 18-room home in suburban Rye, N. Y., to the Damon Runyan Memorial Fund for cancer research.

The co-star of "South Pacific" values the property at $50,000, subject to a $14,000 mortgage.

Best Waitress Took No Tips, But Won Medal

Chicago, May 23—(AP)—A Chicago waitress who works in a restaurant where no tipping is allowed has been named the nation's best waitress of 1950 in a vote sponsored by a restaurant publication.

She is Betty Jacubiec, 26 year old atractive brunette who worked at the same restaurant here for eight years. Tips left by customers who disregard "no tipping" signs are turned in by Betty and other waitresses to a charity and gift fund.

Betty today was to be awarded a gold medal and $300 for winning the contest held by

Earl Shelton Machine Gun Target Again

Fairfield, Ill., May 23—(AP)—Almost a year to the day a second attempt was made on the life of "Big Earl" Shelton, last of the notorious Shelton brothers.

"Big Earl" was shot in the right forearm yesterday afternoon.

Last May 24 he was shot in the back and seriously wounded as he sat in a gambling house just off Fairfield square.

Yesterday he and his nephew, "Little Earl" Shelton, were motoring through Pond Creek neighborhood. A shot ripped through the windshield and into "Big Earl's" arm. Another slug hit the rear of the car.

Treated at a doctor's office, Earl said he hadn't seen his assailant, but that the shots sounded like they came from a machine gun.

Earl's brother, Carl, was shot and killed in the same area in October, 1947. Another brother, Bernie, was slain nine months later near Peoria, Ill. Both slayings are unsolved.

"Little Earl" was with his uncle when "Big Earl" was shot last

Sharp Note to Moscow Refers To Agreements

No Ordinary Force; No Duties, Claim

Washington, May 23—(AP)—The United States demanded today that Russia dissolve the East German police force immediately, saying it has "the character of an army."

In a note to Moscow, the State Department said the creation of this 50,000-man force directly violates five agreements signed by the Soviet Union.

(In Paris, the French government announced it also had sent a protest to Moscow. The French note accused the Soviets of breaking the four-power agreement on demilitarizing Germany).

"No Ordinary Force"

The United States note said of the German force:

"It is not an ordinary police force and it does not have ordinary police duties.

"It receives basic infantry, artillery, and armored training, and is equipped with military weapons including machine guns, howeitzers, anti-aircraft cannon, mortars, and tanks.

"It must be regarded, therefore, as a military force."

The American note also said

(Continued on Page 6)

Mendota Man Pays $150 for Drunken Driving, Accident

Carl Wolfe, 42, Mendota, was fined $150 and costs Monday afternoon by County Judge Grover W. Gchant after he was involved in an accident and charged with drunken driving.

According to the charges filed by State's Attorney Morey C. Pires, Wolfe veered across the center line of a highway four miles south of Sublette and struck a car driven by Mrs. Inez Myers, Sublette.

Wolfe also lost his driver's license for a year and was ordered to pay for the damage to Mrs. Myers' car.

Jacob Eichorn, 39, who was with Wolfe, was fined $5 and costs today by Justice Sterling W. Schrock for drunkenness on a public highway. Both men were arrested by State Patrolmen Rosenow and Kiner.

German Red Youth Readying Big Weekend Demonstration

Berlin, May 23—(AP)—A vanguard of militant Communist youth arrived here today in preparation for demonstrations the reds are organizing for the coming weekend.

As they assembled, west Berlin's Mayor Ernst Reuter, in a broadside to the Russian occupation zone, warned that his sector would "defend its freedom" against any "putsch attempt to conquer and thus only overrun Free Berlin."

Meanwhile the Soviet sector was plastered with flags and numerous reviewing stands were under construction. The Communists have advertised that 500,000 members of their free German youth (FBJ) would assemble in the city for a weekend of demonstrations.

The Reds first said their marchers would storm all Berlin including the allied-occupied zones, but extensive western preparations to meet any such attack were followed by a soft pedaling of Communist threats.

Egyptian Royalty Marry in U. S. But Worry About Future

San Francisco, May 23—(AP)—An Egyptian princess and her commoner husband, summoned to Cairo by King Farouk, start their homeward journey today while another princess and commoner plan a marriage which Farouk opposes.

Princess Faika, sister of the king, and her bridegroom, Fouad Sadek, planned an afternoon plane departure, confident their wedding would be given Farouk's blessing—and the bridegroom a new diplomatic office—when they reach Egypt. Both are Moslems.

But there appeared to be no such hope for Riad Ghali, 31, a coptic Christian, as he and Princess Fathia, 19, youngest sister of Farouk, planned a Moslem ceremony.

Ghali said that ceremony is not planned for today nor would he be pinned down as to just when. Ghali by May 25 must tell the U. S. Immigration Service when he will leave the country. His right to stay has expired with the lifting of his diplomatic status by the king.

County of Lee)
IN THE COUNTY COURT OF SAID COUNTY
In the Matter of the Estate of Mary McVeigh, Deceased
NOTICE

To Rose McVeigh, Mary Eccles Marcella Fasanella, Russell Mullen, Ann Layton, Emma Chamberlain, Wilbert McVeigh, Bernard McVeigh, Kathleen McVeigh, Evelyn McVeigh, Bernard McVeigh, Lauretta McVeigh, Francis McVeigh, Ralph McVeigh, the unknown heirs of Joseph McVeigh,, deceased, and to all persons interested in the Estate of Mary McVeigh, deceased:

You and each of you will hereby take notice that an instrument purporting to be the Last Will and Testament of Mary McVeigh, deceased, has been filed in the Office of the Clerk of the County Court of the County of Lee, Illinois, together with the petition of Michael Fasanella setting forth, among other things, that the names of all the heirs, legatees and devisees of said deceased are as follows. Rose McVeigh, Mary Eccles, Marcella Fasanella, Russell Mullen, Ann Layton, Emma Chamberlain, Wilbert McVeigh, Bernard McVeigh, Kathleen McVeigh, Evelyn McVeigh, Bernard McVeigh, Lauretta McVeigh, Francis McVeigh, Ralph McVeigh, and the unknown heirs of Joseph McVeigh, deceased, and praying that said instrument be admitted to probate as the Last Will and Testament of said deceased and that Letters Testamentary be issued to Michael Fasanella

And you and each of you will also take notice that the hearing on said petition and the proof of said purported Last Will has been set by said Court for the 12th day of June, A. D. 1950, at ten o'clock a m (DST) in the County Court Room, in the City of Dixon, in said County when and where you may appear and show cause, if any you have, why said purported Last Will should not be admitted to probate if you so desire.

The American Husband? Hal Says He's Quite the Fellow

By HAL BOYLE

New York—(AP)—One of the world's most durable punching bags is the American husband.

He is particularly the target of imported intellectuals, and practically any visiting foreigner can make a fast buck here by getting up on a lecture platform and saying a few unkind words about the typical American husband.

It's been that way for 100 years. And gradually a stock figure has emerged — a wonderful cartoon that represents the average European lecturer's idea of the average American married man.

A Mythical Chap

This mythical fellow is a paunchy, walrus necked tycoon who spends his mornings in an air-cooled office scanning the stock market ticker and roaring at underlings. Afternoon finds him belting a golf ball around a remodeled cow pasture. And at night he comes reluctantly home to his wife, a henna-haired vixen in an ermine wrap who dishes him up a cold meal out of cans.

This whole picture of the American husband is an outword fantasy, an illusion dreamed up by foreigners as a result, perhaps, of seeing too many 25-year-old Hollywood movies.

It might be a good idea for the State Department to hire a few really American families and send them on tour to other countries, just to bring them up-to-date on what kind of people live here. It would be the best kind of propaganda. Too many common folk abroad still believe Americans carry gold around in buckets and sleep on bedsheets woven from $100 bills.

World's Best Buy

Of course, the truth about the American husband today is that he is the world's best matrimonial buy.

They're good providers, too. Foreign men often jeer at American husbands as being henpecked prisoners of their womenfolk. But this is like one jailbird screaming "convict" at the fellow in the next cell.

Hen-pecked husbands aren't native to the North American climate: They are found in equal quantities, so far as I can tell, in every country in the world. A domineering wife doesn't require an equal rights statute to have her way.

One of the proofs of the intelligence of the American husband is that he doesn't try to continue the impossible task of keeping his wife subservient to him. In this respect many husbands abroad are still sticking their heads, ostrich-like, in the sands of a dead past.

DEAF MAN WEARS OWN HEARING AID

Mr. Harold Lyons of Peoria, Illinois, who has been hard of hearing for twenty years, was annoyed at the "static" in the hearing aid he was wearing. He decided to perfect one of his own. The result was a midget hearing aid so true and clear in tone that it seemed almost like normal hearing.

He was amazed to hear sounds he hadn't heard in years, the whistle of the tea kettle, the ticking of the clock, and singing of the birds—all the little "homey" sounds that mean so much.

His hearing aid was such a success that he decided to make them for others. It is suggested, if interested for yourself or a friend, that you write to Mr. Lyons, 400 S. Washington St., Peoria, Illinois.

—Adv.

TRY THIS

A handful of hair, a gob of grease some feathers, some yarn — what else can clog a drain pipe? Put them all in a Pyrex bowl, add BEAT-SALL and some hot water and watch them reduced to a liquid in a few seconds. That's what occurs when you use BEAT-SALL drain pipe cleaner and sterilizer in your sink, bath or basement drains.

Shoe Clerk May Be Given Title

London, May 23 —(AP)— A $15.40 a-week shoe repairman edged out a couple of Americans today in a snail's pace race for a British title that nobody seemed to want.

Cobbler Garnet Wolseley, 35, was said officially to have a better claim to the baronetcy of Wolseley than either Noel Wolseley of Manchester, N. H., or Charles William Wolseley of Brooklyn.

The title went begging for weeks after the death of the eleventh baronet, the Rev. Sir William August Wolseley, last February.

The 35-year-old former British soldier is likely to be confirmed in the title soon. He is a bachelor.

Production of horseshoes at a Joliet, Ill., plant annually requires the use of 12,000 tons of steel.

Take Initial Step in Wheat Allotments

The county PMA committee is now undertaking the preliminary work in connection with 1951 wheat allotments. As provided by law, a regular allotment will not be established for a farm on which no wheat was seeded for harvest in any of the years 1948, 1949, or 1950.

However, producers on farms on which no wheat was seeded the last three years may apply for a 1951 wheat acreage allotment according to the county committee of the Lee county production and marketing administration. To be considered for a new wheat farm allotment, the producer must apply in writing to his county PMA committee by June 9, 1950, on a special application form available at the county PMA office.

However, the total amount of the wheat allotments which can be granted to new farms in the county is quite small. Allotments determined for such new farms will be at the expense of the established old grower who is asked to reduce his acreage. For this reason the committee explained, only requests showing unusual conditions which make the growing of wheat necessary in the farming operations can be considered.

Blame Dutch Pilot For Newsmen's Death

The Hague, The Netherlands, May 23—(AP)—The Dutch board of air investigation today put partial blame on the pilot of the KLM plane which crashed near Bombay, India, July 12, 1949, killing 13 American newspaper correspondents and 32 other persons.

The board, confirming conclusions drawn earlier by the Indian governmental commission, said the pilot began landing his plane at a moment when weatner conditions were below the minimum required for the field. The board said the pilot erred also in venturing too low over ground where a dangerous mountain formed an obstacle.

Prize Winning Dad Has 290 Descendants

Wallins Creek, Ky., May 23—(AP)—Farmer John L. Osborne, who is 95 years old today, is "the living father of the largest number of living descendants in the United States."

He was so described by the National Father's Day committee which gave him a $100 U. S. savings bond when most of 290 descendants gathered here yesterday to celebrate his birthday.

Osborne won the committee's prize which was offered to "encourage large families, a vanishing phenomena in American life."

He has 12 children, 76 grandchildren, 163 great-grandchildren and 39 great-great-grandchildren.

About 2,400,000 boys and girls reach legal driving age every year.

In Africa, bees frequently take over abandoned termite nests.

Says Children Are Not Being Taught to Live Effectively

Urbana—American school children are not being taught effectively to live in our democracy, and this weakness has contributed to the gross misunderstanding of democracy in foreign countries.

So declared David E. Lindstrom, rural sociologist in the Illinois college of agriculture, yesterday at the 55rd National Congress of parents and Teachers in Long Beach, California.

Lindstrom argues that pupils must learn to think for themselves.

"A teacher's big job in our modern democracy is to teach students the skill of self-discipline in solving problems.

"Yet many teachers use an authoritarian manner instead of teaching the child how to take part in and assume responsibility for making decisions. Competition for grades also tends to defeat efforts at training for democracy, because it forces the student to seek answers which he thinks the teacher wants.

"The present trend in America is toward a narrow concept of Americanism, and this brings pressure to teach what America stands for by rote or by memory. We must not be afraid to permit our children to examine, under guidance, our kind of society, and to encourage discussion of changes for social and economic improvements. This is the democratic way."

The sociologist adds that our democracy is badly misunderstood in many western European countries. These people are confused because they hear Russian leaders us the word "democracy" as much as or more than Americans do. We must practice democracy ourselves if others are to believe it. We must begin in the schools.

New educational methods are in use where pupils are guided in developing skills for solving their own problems. This training helps them learn to solve their own personal and community problems. Lindstrom believes this is effective education against darkness.

Combat Hoary Cress With a 2, 4-D Spray

If you find the weed hoary cress on your farm, take every possible means to combat it—because it can cause even more damage than field bindweed in grain fields.

Weed specialist R. F. Fuelleman in the Illinois college of agriculture today recommended such drastic measures as cutting out spots in your grain fields, if necessary, or spraying the weeds with 2, 4-D, even though it destroys the legume seeding in the grain.

Hoary cress is one of the toughest weeds to wipe out completely, and once the seeds reach the soil, they may live for several years before growing. The weed will grow almost anywhere in the state.

You can control hoary cress with 2, 4-D. Use ¾ pound of the ester form or ½ pound of 2, 4-D amine or sodium salt to the acre. You'll get best results by spraying when the weeds are young and growing fast. They are in that stage of growth now.

Clean cultivation and bare fallowing are equally effective in controlling and wiping out hoary cress. Clean cultivation takes more hand labor and care to kill all weeds without hurting the crop. But saving the crop more than pays for the extra labor.

Couldn't Take It Any Longer, Kills Self, Wounds Wife

Chicago, May 23—(AP)—Police said Roy Holder, 34, left a note saying he "just couldn't take it any longer," then wounded his estranged wife and killed himself.

The shooting occurred in the north side apartment of Mrs. Reba Holder, 32, who was wounded in the left hip by a shotgun blast. The Holder's four children, ranging in age from 9 to 16, were absent at the time.

Police said the couple separated last November. One note found in Holder's pocket said he "couldn't take it any longer." A second note pictured Holder as a faithful husband who objected to his wife working.

Mrs. Holder was employed as a punch press operator.

New Rocket Rises 12 Miles into Air

New York, May 23—(AP)—The army has a new anti-aircraft rocket which will fire 12 miles in the air and will be capable of destroying attacking planes, Chief of Staff J. Lawton Collins said yesterday.

Gen. Collins said in a radio interview that the new weapon still is in the testing stage. He did not reveal details.

The rocket is called "Loki," and Gen. Collins noted that Loki was the God of Norse mythology who was supposed to release the hosts of Hades.

"That," Collins declared, "is exactly what we intend to do if anyone ever attacks the United States."

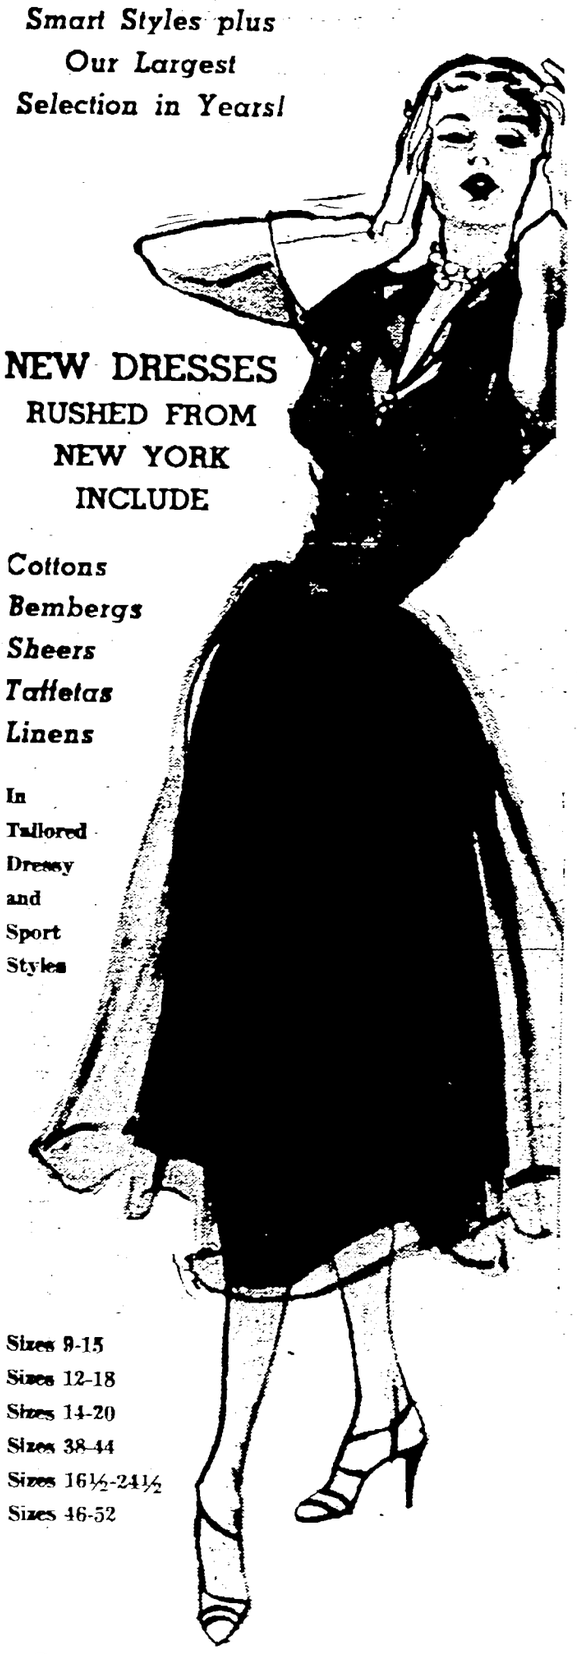

Fifteen Kiddies Die In Church Procession

Venice, Italy, May 23—(AP)—A children's church procession ended in drowning for 15 youngsters yesterday when a rickety footbridge over a canal collapsed.

Horrified priests and villagers scrambled into the water to save 35 of the marching children.

What's the secret of the "UNRUFFLED" RIDE?

SOME car makers say springs make the ride—and so we give every Buick four of the soft, gentle coil springs practically all cars use on front wheels only.

Some say the drive is important—how power is transmitted to the rear wheels.

We agree—and use a torque-tube drive, that takes up all the thrust, freeing rear springs of driving pulsation.

Some stress tires—so you'll find low-pressure casings on every Buick, mounted on our own kind of Safety-Ride rims. Some play up shock absorbers—we make ours fast, soft and sure in action, to wash out all "after-bounce."

Then there are frames—and car weight—and engine mountings, which on Buick are a very special kind used nowhere else.

They're all important—yet the plain truth is no one of these things—or two or three—gives a ride you can truly call "unruffled."

We feel it takes all of them—springs, tires, shock absorbers, drive, engine mountings—carefully and precisely brought into balance with each other.

You can see why we think so in any Buick—SPECIAL, SUPER or ROADMASTER.

You can feel it on cobblestones and car tracks, washboardy gravel and weather-pocked macadam, country lane and city street. You even feel it on boulevards, which grow still smoother when you travel them in a Buick—especially when it has Dynaflow Drive.*

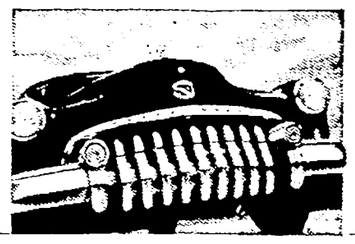

So we would like you to try a ride that is truly "unruffled." Free of harshness—undisturbed by jounce and jitter—level—steady-going—smooth.

Just ask any Buick dealer for a chance to try out any Buick. You'll find it "the ride of a lifetime"—and the buy of a lifetime too!

*Dynaflow Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflow and with it goes:
HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders, "double bubble" taillights
WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles
SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube
WIDE ARRAY OF MODELS with Body by Fisher.

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

HYBRID HENS PROMISE MORE EGG PRODUCTION—The chart above shows how high-quality chickens are inbred to produce hybrid flocks that combine the best qualities of all, and that lay up to 30 per cent more eggs than standard-bred chickens. First and largest producers of hybrids are the Hy-Line poultry farms of Des Moines, Ia., a department of Henry Wallace's Pioneer Hi-Bred Corn Co., which pioneered in the successful production of hybrid corn.

Curtailed Mail Service Due To Stay; Blame Congressmen

By JAMES MARLOW

Washington, May 23—(AP)—Some congressmen still splutter over the new post office rule cutting down mail service. But they have done nothing effective to stop it. Chances are they won't.

This is a fill in for anyone lost in the cries of pain and purple protests This year Jesse M. Donaldson, Postmaster General told the house appropriations committee how much money the P. O needed

The committee said he could do with less. But it gave him free advice. Economize, it said How? By cutting down the number of daily deliveries to home in cities and residential areas

It's the committee's job to tell the full house, which has final say, how much the P. O needs Donaldson asked $2,255,607,000 for another year. The committee cut this $28,107,000 to $2,207,500,000

Even what Donaldson asked wouldn't cover P. O. expenses. It runs in the red every year. That's taken for granted Every year it's just a question of how much it will run in the red.)

So Donaldson took the committee's advice. On April 18 he issued an order. It was to start immediately, be in full force by June 30 It affects city home dwellers most.

The purpose of the order: To save on manpower, thus save on pay. This is about what the order amounted to.

Deliveries to city homes and residential areas will be reduced from two or three to one a day; post offices will close earlier; and the night clerks won't bother speeding up 3rd class mail.

(Third class includes circulars and publicity letters. They need less speed than the other three classes: first, regular mail, second, newspapers and magazines; fourth, parcel post.

(The new order won't change the present one-a-day delivery to farm homes.)

Donaldson says 75 to 80 per cent of the mail delivered to homes is delivered on the first trip anyway. So, he argued, no great volume of mail to homes is delayed by the new one-a-day delivery.

Donaldson's order will stand unless both houses vote against his order or—give him the money he asked.

'Be Prepared' Gray Tells Decatur Group

Decatur, Ill, May 23—(AP)—Carl E. Gray, Veterans' administrator, says America's only assurance of survival in a "selfish" crazy world that wants what we have is in adequate preparedness.

Gray told an Armed Services' Day luncheon held by the Decatur Junior Chamber of Commerce Saturday that congress and the public should give most serious consideration to preparedness plans and appropriation requests of the nation's military leaders.

The military leaders, he said, were qualified advisers on the military needs of the country as much as physicians are qualified to advise individuals on maintaining health or curing illness.

Idaho was admitted to the Union in July, 1890

Road District Mergers Gain In Popularity

Chicago, May 23—(AP)—A drive to combine many of the 1,709 township road districts in Illinois has started to show results

Nine of the 15 which Union County has had since 1870 were voted out of existence last week. Sponsors called it a move to "get us out of the horse and buggy days."

Back of the drive is a feeling that larger units are cheaper and better than small ones. That pattern follows a consolidation movement among small school districts.

Politicians Fear It

Farmer and school groups are among those urging mergers to save money and provide more and better rural roads and bridges.

Some local political leaders and statewide associations of township and county officials have been reported among opponents.

They are wary of "home rule" invasions and loss of patronage, or they feel the smaller units are better suited for taxpayer needs.

The road district merger question probably will be one of the hot issues before the state legislature at its regular session next year.

Several counties, some wealthy and populous, are talking seriously about it. Tax-poor counties have been among the first to look into the idea, however. They are short of good roads and bridges, as well as money.

Hardin county, in extreme southeast, decided to cut its 15 districts down to four, effective in April, 1951.

This action was the first merger under a 1949 law making it easier for the 17 commission-form counties to consolidate districts.

The law provides that as few as 20 legal voters in any district in such counties may petition for merger. And the county commissioners may make merger effective simply by voting approval.

IAA Sponsored Law

The Illinois Agricultural Association helped enact the law.

Its leaders say they encourage merger where present districts are not doing the job farmers say should be done.

Farmers and school groups (which need good roads and bridges to operate school buses economically) are leading proponents of better rural roads

southeastern Illinois, merged all its districts into one county-wide unit in 1939. Sponsors say results were good.

Last week Union county, in the extreme southwest, decided to cut its 15 districts down to four, effective in April, 1951.

The IAA says this is one reason why merger saves money: Any road district needs at least $30,000 worth of equipment and machinery to do a good job.

In other words, several districts might use that minimum amount, leaving the difference in funds for other expenses.

TRAP NEST TESTING—Using trapnests, this Iowa farm couple checks the production of crossbred pullets and records egg production. During the first year, about 90 per cent of all new crosses are discontinued because they fail to measure up to commercial grades.

Elgin Doctor Heads State Psychiatrists

Elgin, Ill., May 23—(AP)—Dr. D. Louis Steinberg of Elgin has been elected president of the Illinois Psychiatric society and Dr. Joseph Luhan of Chicago president of the Neurological society. Both groups met Saturday at the Elgin State hospital.

ADJUSTMENT IN THE FIELD

keeps your equipment IN TUNE

Even the best farm machines must be properly adjusted to do good work. Usually, this adjustment can be made in the field — right on the job.

On such machines as your All-Crop harvester, Roto-Baler and Corn Harvester, a little tuning can make a surprising improvement in performance.

Our factory-trained mechanics know what to look for and how to fix it. Call us up if your equipment is not doing a perfect job. It will be worth many times its cost!

A THOUGHT FOR TODAY

The statutes of the Lord are right, rejoicing the heart: the commandment of the Lord is pure, enlightening the eyes.—Psalms 19:8.

• • •

God's commandments are the iron door into Himself. To keep them is to have it opened and His great heart of love revealed.—Samuel Duffield.

Flying Saucers Are Real?

Those amazing "flying saucers" which have been observed during the last two years or so have been variously described as figments of excited imaginations, as an ominous new Russian weapon, and as space ships carrying observers from another planet which may be centuries ahead of the earth scientifically. However, according to a fascinating article in U. S. News & World Report, the saucers are none of these. They exist, they are manned by living pilots, and they are a revolutionary United States development in aircraft.

U. S. News has gathered and briefed nonsecret data from responsible sources—including a group of scientists who were able to track a saucer for several minutes with advanced measuring instruments. And here is what it believes to be the true story.

The first successful saucer was built in 1942 and made more than 100 test flights. Current advanced models are circular, 105 feet in diameter, and about ten feet thick. They have no protruding surfaces of any kind. They are powered by jet engines using a secret fuel. The power is exerted through a series of jet nozzles around the saucer's rim.

Their performance, according to the magazine, is next to unbelievable. They can stand still in the air, like a helicopter, and rise almost vertically. Their cruising speed may be as high as 600 miles an hour. Due to the helicopter feature, they do not need conventional airfields for landing or take-off—a very small space is adequate. Control is achieved by tilting the jet nozzles to desired angles, and by turning certain nozzles off and on. Maximum forward speed is attained by turning the nozzles to the rear and applying full power.

U. S. News emphasizes that this is not a Buck Rogers concept. The principles on which the saucers are allegedly built are known, are sound, and are accepted by the top aeronautical engineers.

Who, then, is building and operating the saucers? The magazine thinks it most likely that the navy—in spite of this service's denials—is the agency. The navy has been given twice as large a guided-missile research budget as the air force and no public accounting is made of how the money is spent. And these saucers could be flown from any combat ship, not just the carriers.

The possible significance of the saucers is tremendous, U. S. News sums it up in these words: "In war, the combination of helicopter and fast jet plane will easily outfly any present types of military aircraft. In peacetime, the safety of a nearly crash-proof aircraft may be expected to revolutionize civil air transport. It all points to a big advance in the science of flying."

Fine wiring jobs are being taken care of by means of a wiring pencil. The pencil consists of a pointed tube, with a spool of wire mounted on the upper end, the wire being paid out through the point.

☆ THE DOCTOR SAYS ☆

Don't Overdo Sun-Tan; It May Hurt Your Health

By EDWIN P. JORDAN, M.D.

The morning after the first hot Sunday or holiday of early summer brings to every office a crop of sun worshippers whose bright skins and blisters show a lack of good sense in exposing themselves to the sun.

Strangely enough it is the same people who year after year forget their past experiences and overexpose themselves to the sun in spite of the discomfort which they have previously suffered. They ought to know better, but they seem never to learn.

Now severe sunburn is not only uncomfortable but can be dangerous. Futhermore, sunburn is no help to health. The sun's rays are necessary for the growth of plants and help in maintaining the health and well-being of human beings and animals.

One of the benefits which the sun can give is to aid the human skin to produce a substance called vitamin D, which is necessary for complete good health and prevents rickets in children.

A brown, tanned color is the result of the deposit of a pigment or coloring matter in the skin called melanin. This helps to protect the body against getting too much from the sun's rays. When the skin becomes pale it means that there is not much melanin present.

Melanin does not flow to the skin at once on exposure to sun but takes time. A white skin, therefore, is not as well protected against the sun as it is when good tanning is present. Until the skin is protected in this way it can be burned by any other hot substance.

When the skin is burned by sun the outer layers are killed and have to be replaced from the layers below. After a severe sunburn, for example, the outer layers are shed in sheets and pull off. Dead outer layers do not get any benefit from the sun and actually prevent some of the good which is desired.

NO FALLING ASLEEP

People who are not accustomed to much sunlight and do not show tanning should be careful about the first few exposures. They should be especially careful not to fall asleep in the sun. Too much sun is dangerous as well as uncomfortable.

A number of ointments or lotions can be placed on the skin and will protect somewhat against rays of the sun and promote tanning rather than burning. There are many of these substances on the market.

Dr. Jordan will answer questions from his readers in a special column once a week. Watch for it.

☆ IN HOLLYWOOD ☆

By ERSKINE JOHNSON
NEA Staff Correspondent

Hollywood — (NEA) — I'm smiling while I'm saying it, pardner, but so help me a rootin', tootin' and shootin' cowgirls is about to show the big he-man cowboy stars a thing or two by galloping headlong into the perils of the celluloid west.

Carolina Cotton is the lady's name and from the looks of things she'll be braver than even Errol Flynn.

What's more she'll ride a black mare named Dolly instead of the usual white stallion, she'll have a feminine sidekick a la Gabby Hayes and she'll leave the boy friend a sittin' on the ranch house porch while she rides off into the sunset.

"In Old Utah," an Eagle-Lion movie, is the horse opry in which Carolina will trade powder puffs for smoke puffs.

She'll chase the villains over the range, get her man—with a gun—and wrestle for a knife in a fight with a savage Indian intent on taking her blonde hair home to his old lady.

"Everyone in the picture is scared," Carolina said in an Arkansas drawl. Arkansas is her home state but she started out in show business as a western band singer in San Francisco at the age of 14.

"But I'm not scared," she winked, "because I've read the script."

The script is all about a fence war with Indians on the warpath and Carolina and the U. S. cavalry riding to the rescue of the settlers. Carolina, when she comes, will be wearing blue jeans and a suede blouse with a six-shooter at her side, a rifle slung on her saddle and revenge in her heart.

MEN LOSE OUT

"I wear a dress in just one scene," she said, "and to give the part a little feminine touch I even look in a mirror a couple of times. But I don't wear fingernail polish or lipstick and I don't look at any men except if one's framed in my gunsight."

Carolina is framed in moonlight when Glenn Strange looks at her calf-eyed.

"I brush him off," she said. "He starts riding after me in the final scene but I know he isn't going far because I've cut his saddle straps."

Carolina Cotton is 22, blue-eyed, blonde and attractive. But don't let her name fool you. Her real handle is Helen Hagstrom, she's Swedish and until a couple of years ago she couldn't ride a horse, didn't know one end of a lariat from another and had never even fired a cap pistol.

Before Hollywood got the idea of picking Cotton for a feminine hoss opera heroine she was a western band singer with a yodeling ability that drove Swiss gudes (and neighbors) to suicide.

At one time she sang for five dances and 17 radio broadcasts a week. Stuff like "I'd Love to Be a Cowgirl But I'm Afraid of Cows" and, more recently, "You're Gittin a Good Girl When You Git Me."

Then came this idea of turning her into a daredevil cowgirl and she took riding, roping and gun handling lessons.

BACKWARD YODEL

Carolina arrived in Hollywood eight years ago and first sang with Spade Cooley's band. Her first encounter with a western hero was embarrassing. She spotted a noted cowboy star at a party given by Smiley Burnette, at which he asked her to get up and sing.

She remembers it sadly:

"I got up, parked my gum on the microphone, took off my shoes—I like to get a good toe hold on the floor—and started to sing. But because my dream cowboy was in the audience I was nervous. When I reached my yodeling part I was so scared I yodeled eight bars backwards."

Despite her San Francisco childhood, Carolina is a country gal at heart and her dislike of shoes isn't confined to getting a toe hold on the floor when she's singing.

Not long ago she was singing in New York. One day she was late for work and had to run to catch a subway train.

Her high heels were hampering her speed so she just whipped 'em off and completed the dash in her stocking feet. Her agents back in Hollywood swooned when she told them about it but, as she says: "I hate to wear shoes."

A man arranges to meet a woman in a public place.

WRONG WAY. He arrives a few minutes after the hour set, assuming that she will probably be late.

RIGHT WAY: He arrives a few minutes ahead of the time set, so that he won't run the risk of having her arrive ahead of him and have to wait for him.

State Wants No Part of Socialized Medicine, Says Medical Society President

Springfield, Ill.—The people of Illinois would vote overwhelmingly today against "socialized medicine," Dr. Walter Stevenson of Quincy told the 110th annual meeting of the Illinois State Medical Society here today.

Dr. Stevenson, as president of the society, delivered his address as the huge three-day session opened in the National Guard armory.

"For myself," he said, "I would not fear to face a general referendum among the voters of Illinois tomorrow."

Dr. Stevenson paid tribute to the physicians of the society who have devoted much time and energy to the effort to explain to the voters of the state the dangers of government proposals for the socialization of medicine. Most people now understand the issue and oppose it, he believes. He pointed out that this achievement has been possible because down in their hearts the individual citizens trust the man who cares for their health.

Nevertheless, the pressure from the left for compulsory sickness taxation, which would lead to socialization of medicine, is still great and unceasing, Dr. Stevenson said. And, he pointed out, there are several groups of people who provide a fertile soil for the socialist propaganda.

They are those who are ignorant of medical and health problems, those who dislike to pay for any service and hope to get something for nothing from the government in exchange for freedom, those whose ideas of medicine were formed a century or so ago, and those whose emotional reactions to medical failures in hopeless cases have warped their attitudes.

Dr. Stevenson pointed out that, because of the constant pressure among these unhappy groups, there is always danger that some form of socialized medicine could be put over on the American public. He exhorted his hearers to maintain their own lines intact and to continue unceasingly to fight socialism.

Socialized or not, however, Dr. Stevenson said, the medical profession will uphold its centuries old ideals of giving the best possible care to suffering humanity.

"Let us as a modern profession be unafraid of the future," he concluded. "No matter what may happen from a legislative standpoint, we will still be doctors of medicine ready to serve our fellow man. That was the oath that we took when we graduated and we will all stand true to that promise. Doctors will always be needed to alleviate pain and comfort those who suffer.

"So let us fight on, not for the selfish reason of preserving our own status quo, but that we may continue on and on with the scientific research and progress that enable us to render better and better medical care for those in need. Let us, in other words, maintain, renew, intensify our devotion to our ideals and to our priceless heritage.

"Let it be our daily prayer that, when we take that journey from which no traveler returns, it will be with the full knowledge and confidence that we have fought the good fight for what we know to be right and that the heaven every physician earns can be only an eternal continuation of the service to his fellows which it is our ceaseless endeavor to give on earth."

Big Three Sidesteps China Crisis in U.N. Organization

By FRANCIS W. CARPENTER

Lake Success—The decision of the Big Three foreign ministers in London against acting now in the China crisis in the United Nations is said by a United Nations diplomat to mean these two things:

1. The west in effect is telling Nationalist China to take it easy and not press in the U. N. Little Assembly its charges that the Soviet Union is a threat to the peace of the Far East. The west is opposed to antagonizing Russia further at this time.

2. In return for letting the Nationalist China charges against the Soviet Union rest quietly in a U. N. pigeonhole, the west will not support at present any move by any source to oust Nationalist China from the U. N.

This interpretation was voiced as the Soviet Union ran to 28 the number of U. N. bodies hit by the Russian walkout strike against Nationalist China.

Russian delegate Pavel Charnyshev walked out of the U. N. population commission yesterday while the Soviet Ukraine, which does not have a delegate in New York anyway, sent a message saying it would not attend the meeting.

The China case in the U. N. involves the question of which regime shall represent the Chinese here. The Nationalist government of Chiang Kai-Shek, whose delegate, T. F. Tsiang, sits here, claims it is the only elected government of China.

The Chinese Communist regime of Peiping has demanded the expulsion of Tsiang and a seat in the U. N. for its delegates, who so far have not attempted to enter the United States and come to the U. N. headquarters.

Soviet Deputy Foreign Minister Jakob A. Malik walked out of the Security Council in January because the council would not expel Tsiang. In dreary succession the Russians and their followers have walked out of or boycotted other U. N. organs as they met.

Sixteen of the 59 U. N. members have recognized the Peiping regime. They are: The Soviet Union, Poland, Czechoslovakia, Yugoslavia, India, Burma, Pakistan, Britain, Denmark, Norway, Israel, Sweden, Afghanistan, White Russia, the Soviet Ukraine and The Netherlands.

The United States has announced it will not vote to seat a Red delegation but it will accept the decision of the majority, if and when a majority ever decides to recognize the credentials of a Communist Chinese delegate.

LaSalle Probate Clerk Dies at Ottawa Home

Ottawa, Ill., May 23—(AP)—William E. Hoffman, 48, probate clerk of LaSalle county, died early today in his Ottawa home.

Hoffman was elected in 1942 and sought his third term in the coming fall election as Republican candidate. He was past president of the Illinois Probate Clerks Association. Before election to his county post, Hoffman served 16 years as Ottawa township clerk.

He is survived by his widow, Esther Farrell Hoffman, and a son, William.

Abundant Living

By E. STANLEY JONES

Matt. 23:13-26

A LADDER TO OVERCOME INSINCERITIES

We now come to our ladder on which we may step up out of the pits of insincerities into the open light of frank and crystal living.

(1) Relax in the presence of God with all defenses down. In this relaxed condition allow anything to come to the surface of your thinking that will come. Say to yourself, "Here, in the presence of God, with barriers all down, I want every inconsistency to be brought to the surface, however disagreeable." Then let your mind wander at liberty across your life. Let it fasten on any place of insincerity it will.

(2) Recognize insincerities for what they are—don't rationalize them and try to make them into something else. The mind is a part of the ego, whose pride is wounded by the discovered insincerity, and it will immediately leap to the defense. It will push its tentacles in all directions to find reasons, clumsy or clever, to explain why. Reasoning is usualy finding reasons to justify our own emotions. We think with our emotions. The mind will gather flowers from everywhere, and sometimes from nowhere, and place them on the sore spot, to prove that the sore spot is a garden and not what it is—a dung heap.

(3) If you are not to rationalize insincerities, neither are you to religionize them. On the bottom of an art object given to an institution, I saw an inscription written so that everyone could see: "Thine, O Lord, be the glory forever. Presented by ———." It was obvious that the first phrase was a pious religious frontage to justify the obvious intention of the donor—to get a good share of the "glory" for himself.

(4) Don't confess marginal insincerities and sins and leave the central ones untouched. This is a very definite tendency. I have seen people confess to impatience when they ought to confess to an egocentric life; to unkindness to someone when they should confess to wholesale exploitation and greed; to an unkind deed when the whole life is filled with unkind attitudes. Someone defended Hitler because he did not drink or smoke.

O God, I am boring deep—help me to be relentless. When my drill strikes hard resistance, help me to go on through. For I want to strike the clear living water of Thy presence and power. Save me from stopping this side of that. In Jesus' name. Amen.

New Books At Dixon Library

Library Hours: 10:00-8:00, daily except Sundays.

Apology for a Hero, by A. L. Barker. A story of love and bolstered self-confidence against a background of modern Cornwall and South Pacific trading.

The Unheard Music, by Eleanor Cameron. An unusual novel—a story about a librarian who is a normal human being! The book is pleasant and enjoyable.

The Golden Tag, by Elliott Chaze. An amusing novel about unimportant people; "a novel without a message."

High Valley, by Charmian Clift. A very well-written story of a young Chinese boy, born under strange circumstances, who was sheltered in a tiny village in Tibet.

Foster's Complete Hoyle. The 1950 ed. of this standard encyclopedia of games with complete laws on contract, duplicate contract bridge, and canasta.

The Other Father, by Laura Z. Hobson, the author of "Gentleman's Agreement" writes about a man looking at his own emotions and their causes when he who had carried on an affair learned that his daughter was having an affair with a married man.

Flower Garden for the Amateur, by Alfred Carl Hottes. A small useful book on planning and planting a flower garden, with advice on soil improvement, plant pests and diseases.

Making Inventions Pay, by Joseph Keeley. "A practical guide to selling, protecting, manufacturing, and marketing your inventions."

My 66 Years in the Big Leagues, by Connie Mack. The great old man of baseball brings his autobiography up-to-date.

Each Bright River, by Mildred McNeilly. A novel of the Oregon Trail and the early history of the State of Oregon.

Ted Malone's Favorite Stories, ed. by Ted Malone. About 100 stories which have been most requested on the Ted Malone radio program.

One Is a Lonesome Number, by William Manners. The editor of a detective magazine, surfeited with the routine and faced with cerebral hemorrhage, turn to write the great book he has always meant to write. His love for his family shines into his book and this story of it.

Slightly Cooler in the Suburbs, by C. B. Palmer. Delightful, humorous defense of suburbanites and commuters.

Knee Pants, by Emile Schurmacher. The author recounts with good humor the fun his family had when their father, a veterinarian on the east side of New York, bought their first automobile and shocked the neighbors so much.

A Woman of Means, by Peter H. Taylor. A character study, very well done, of one year in the life of a 13-year-old boy living in the home of his wealthy stepmother.

Geordie, by David Walker. A novel of a young Scotchman, a giant in braun if not brain, who won the shot-put in the Olympics at Boston and his bonnie lassie back in Scotland.

Mysteries

The Bride of Newgate, by John Dickson Carr.

What Rhymes with Murder, by Jack Iams.

The Laughing Beechnute, by Dornford Yates.

SO THEY SAY

I want very much to get married and have children. But for the present I will concentrate on my career. . . . There is no one on the hoizon right now—but a girl can dream, can't she?

—Margaret Truman.

• • •

I know one thing. I belong here. Leaving this country would be the easy way out and a course I could have taken years ago.

—Labor leader Harry Bridges, after his sentencing for perjury.

• • •

Liberalism today apparently means regimentation, regulation and red tape. I don't think that's what liberty means.

—Rep. George A. Smathers (D) of Florida.

• • •

I almost express a prayer about it, that somehow we who serve here in the Senate . . . will harmonize and unite.

—Senate Majority Leader Scott W. Lucas, on foreign policy.

• • •

War is probable — unless by positive and well-directed efforts we fend it off. There should be no illusion about the reality of the danger. It is immense.

—John Foster Dulles, in "War or Peace."

Adenauer in Favor Of Coal, Steel Plan

Cologne, Germany, May 23—(AP)—West German Chancellor Konrad Adenauer says the French plan to pool French-German coal and steel output will solve the explosive Saar problem.

Adenauer told a north-Rhine Westphalia state election campaign rally yesterday that, with the Saar region's coal output going into a common pool, the question of whether the disputed territory was French or German would lose its significance.

By

Westbrook Pegler

The Collinses have a home but Pegler can't see why union officials should take any credit for it.

Well, if the building trades unions of the city of New York can fan soup and crack rolls with the capitalists who sell building materials to celebrate a sentimental exploit for the benefit of a young couple who had four babies at once, Pegler is pulling up a chair, too.

Westbrook Pegler

I yield to nobody in opposition to the very principles of this kind of unionism, as many of the unionizers involved in this spectacular feat of generosity have good personal reason to know. And the suppliers and contractors are no better and have been so reminded many a time in the endless war on the menace of predatory unionism.

But here we have had an ironic phenomenon of goodness wrought through the power of unions over New York men. This was the construction and presentation, free, of an eight-room home in a good neighborhood across the Henry Hudson bridge to Charles and Ethel Collins, the young parents of quadruplets who were terribly up against it a year ago.

And while the labor and material and even the plot of ground were freely given, no donor of work or other contribution deserves more honor than Paul Schoenstein, the city editor of the New York Journal-American, who had a hunch that materialized into this home, or Tom Cleere, the reporter who was sicked onto a melancholy assignment and put it over.

The practical seriousness of the situation of the Collinses when the quads came needs no elaboration. Waiving, for the moment, the reasons why it is so hard for all but the rich and the professional poor to find homes, and whose fault that is, the awful fact that it is so hard touched Mr. Schoenstein's emotional nature and his circulation nerve. He is a stident old-school adolescent of the business who hops on a hunch like a chicken on a June-bug and, at times, lets go with remarks that make the normal comments of Mr. Justice Douglas sound almost half-decent. Mr. S. put Mr. Cleere on the promotion and Mr. Cleere went out to bed down the lion with the lamb.

In the end, after diggers, mixers, masons, carpenters, electricians and others normally implicated in the creation of a home had given their time and art to put up a building with donated material on donated ground, the feat was celebrated with exotic delicacies and earnest oratory as the home was delivered to Charles and Ethel Collins.

Young Bill Hearst, publisher of the New York Journal-American, as keynote speaker of the evening, said all concerned had a nice feeling as of having taken a hand in a good deed. He thought, indeed, that this house was a symbol of "that cooperation between industrial management and organized labor without which America would not be so great today but with which we can look forward to many more years of higher standards of living."

Pretty Thoughts

Well, those are pretty thoughts from a tenacious optimist who seems unable to entertain suspicions of ulterior intent against whatever weight of evidence. A guilty man couldn't ask for a gentler juror or give himself a better break than Bill would. But this whole affair is couched in the spirit of Santa Claus and "the miracle of Thirty-Fourth street" and this practicing Christopher of ours had the house and the deed to show for his faith as he turned over title to the Collinses.

In other places men have turned to voluntarily, needing no head man's permission to raise a house or a barn for a widow or a burned-out neighbor. There have been several such incidents in honor of disabled veterans of the war in our case, though, the first approach to Howard McSpedon, the president of the A. F. of L.'s building trades council, brought a promise of free labor, provided, however, that the suppliers must do their part with free materials. The Bronx chapter of the American Institute of Architects gave the plans and the dealers in materials were carried away on a tide of emotion and met Mr. McSpedon's condition.

Accordingly, beginning last July and working only on Saturdays and holidays, which are premium time on pay-jobs, the toilers built a house which had been beyond the aspirations of the Collinses unless they won a lottery some day.

"Imperial Consent"

It seems to me that too much of the honor went to the officers of the unions, Mr. McSpedon and the several business agents of various trades, for their cautious kindness so firmly hedged with provisos. After all, they gave nothing but their imperial consent to their subjects to work on their days off. Dam decent of them, to be sure, but they didn't give a dollor or drive a nail and the individuals who put in the actual work by permission of the business agents, McSpedon consenting, were mere fine pints among the politicians and magnates.

But this is no spirit in which to regard a miracle, as I was admonished last Christmas when I doubted certain hardly beliefs about reindeer and a fat man climbing through chimneys without sooting his whiskers. The way to get the most out of this thing is to flap around in rosy pace. It proves nothing that anyone wants to know to point out that all the toys and jewelry and fishing-tackle around the hearth can be traced back to the substantial marts of trade. They are there and no questions asked and so is the house of Collins in the Bronx.

Q—How many jockeys have ridden two consecutive Kentucky Derby winners?

A—Only two. Isaac Murphy and Jimmy Winkfield. Winkfield won on His Eminence in 1901 and repeated on Alan-a-Dale in 1902; Murphy won on Riley in 1890 and repeated on Kingman in 1891.

• • •

Q—What was the motto on the Rattlesnake Flag?

A—One form of the Rattlesnake Flag, known as the Gadsen Flag, had a yellow field with a coiled rattlesnake in the center, under which appeared the words, "Don't Tread on Me." Benjamin Franklin is said to have devised the symbol.

• • •

Q—What is the earliest date on which Easter may fall?

A—The rarest date for Easter is March 22, the earliest date on which it can occur. It comes on this date about once every 207 years. Last time it happened was in 1818 and it will not happen again until 2285.

• • •

Q—What is distinctive about the eyes of a horse?

A—The horse has the largest eyes of any land animal except the elephant; this accounts for its excellent vision both day and night.

★ RUTH MILLETT ★

How Do You Score on Check List for Women?

Why don't more mothers teach their daughters—

That a charming woman never makes conversation of her health, her personal troubles, or her pet peeves.

That one of a woman's duties to herself as long as she lives is to make the most of whatever looks nature gave her.

That being able to make "small talk" is an absolute essential to any woman who wants to feel comfortable and at ease wherever she goes.

That the way a woman walks and talks and smiles is more important than anything she can buy in the way of beauty at a drug store, department store, or beauty salon.

That even in this day and age a woman's reputation is still her most valuable possession.

That the job of homemaking is no lowly occupation, but offers a woman her best chance of expressing her whole personality.

That a sunny disposition and a warm smile are a woman's best weapons against the world.

That boredom is a weakness, not a sign of superiority.

SURE ROAD TO DISAPPOINTMENT

That the woman who expects a man to spend his life trying to make her happy has read too many love stories and listened to too many soap operas.

That neatness is one of the important foundations of feminine attractiveness.

That it is every bit as important for a woman to be liked by other women as for a man to get along well with other men.

That the least attractive traits a woman can have are snobbishness, boosiness, sloppiness, and spitefulness.

That it is a great privilege to be born a woman and therefore a woman's duty to be as womanly as possible in every phase of her existence.

BROWNIE TROOP NO 22

This is the fourth grade group at North Central They meet on Mondays in the kindergarten room at 3:30 Mrs William Miller and Mrs John Sodergren are the leaders and Mrs Louis Sinow, Mrs. Carl Woessner and Mrs Richard Joslyn are committee members.

The troop changes officers every month so everyone will have a chance

In October they sold greeting cards to raise money for the troop and to pay their dues Also they visited the telephone office and had a Halloween party

In November they made Thanksgiving place cards In December they made pot holders and cards for their mothers and had a Christmas party at Mrs Woessner's Here they made and ate Christmas cookies.

January was game month and February saw them making Valentines and having a party

In March they started to prepare for their fly-up ceremony by learning the laws and promise and doing the other activities which had not been covered before.

In April they sold cookies so they could have money to pay their dues for next year They went on a hike, layed a trail and learned how to build a fire

They will be invested as Girl Scouts on May 31 at the Loveland Community house at 7 45 p m before their fathers and mothers Their year will end with a wiener roast and picnic

Members of the troop are Karen Beaman Nada Boyd, Jacqueline Brenner, Caroline Coakley, Diana Corn, Mary Ann Doctor, Harriett Fordyce, Carol Gardner Carol Joslyn Bonnie Klatt, Sally Jo Melvin, Karen Miller, Nadine Nelsor, Ruth Ann Price, Helen Snow, Judith Ann Stewart, Ardath Thomas Tamara Thompson, and Marian Woessner

BROWNIE TROOP NO 2

This is the second grade group at Lincoln school and they are under the direction of Mrs Ray Wilson and Mrs Warren Knelson

They have enjoyed a variety of activities all during the year An apple hike was a great deal of fun and a hike to the new swimming pool with a nosebag lunch was another happy event

They made a number of things during the year such as lapel yarn dolls Christmas calendars for their mothers and fathers, Valentines for their mothers May baskets from wall paper and a picture from a saucer for Mother's Day

All during the year they have earned new songs and games They also sold 177 boxes of Girl Scout cookies

Members of the troop are Jeanette Anderson Juanita Cox, Jean Bradley, Nancy Hamilton Judy Huggins Melissa Reuter Janet Taylor Kay Stripe, Sue Dimond Lola Hamilton. Elizabeth Arold, Jane Bradley, Linda Folkers, Rosalind Huene Mary LeBlanc, Phyllis Teeter, Frieda O'Dell Sharon Wilson and Marilyn Wolfe

Sewing Maids Get Patterns

The second meeting of the Palmyra Sewing Maids was held at the home of Janet Sheaffer Talks were given by Janet Sheaffer on colors good for summer and winter and Doris Hoxie on styles The leaders looked at the patterns and instructed the girls to have the material by the next meeting

Lunch was served by the hostess and her mother

Decorating of Distinction

Bomb Worried Cities to Get Federal Help

Washington, May 23—(AP)—An emergency civil defense plan is going to be ready soon for the nation's A-bomb worried cities.

Mayors have been complaining that their towns can't find out what they ought to do about civil defense.

Now the government's Civil Defense Office, in the National Securities Resources Board, is trying to get a program ready this summer that will show them what to do with the manpower and resources they have now.

Special surveys getting underway here and in Seattle and Chicago, where authorities will work on the assumption that the cities have been atom bombed, will be the basis for the fill-in program.

Later on, by September 1, NSRB intends to have a more permanent civil defense plan ready for states and communities.

NSRB officials say no change in policy has been made—that the federal government isn't stepping in to give the orders and foot the bill for civil defense. It still plans to supply guidance and advice, and leave it to states and cities to make the detailed arrangements and pay most of the checks

Nor does the fact that an emergency plan is being developed indicate, NSRB authorities say, that the government considers an attack any more likely now than in recent weeks and months.

Eric Biddle, a consultant in the civilian mobilization office at NSRB, is chairman of the government's committee working with Washington, Seattle and Chicago authorities.

FRANKIE DENIES ALL—Crooner Frank Sinatra (above), shown on return to New York from Spain, denied everything: love triangle, $10,000 necklace to Ava Gardner, or that he was made at anybody, including rumored rival, bullfighter Mario Cabre.

South America Offers Aid to Cuzco, Peru

Cuzco, Peru, May 23—Offers of help came from all parts of the Americas today for this thousand-year-old city, digging itself out of earthquake-strewn rubble which was expected eventually to yield 60 or more bodies.

From Washington and Santiago, Chile, came sympathy and aid for the survivors of the violent quake Sunday which left centuries-old historic buildings in ruins.

Peru's president, Brig. Gen. Manuel Odria, with his ministers of public education and public works, was flying here today from Lima after a cabinet meeting yesterday which voted 3,000,000 soles (about $2,000,000) for relief and rehabilitation

Six transport planes loaded with relief supplies and workers already had been sent from Lima.

As workers continued to search the rubble of the city, 43 bodies had been recovered. City officials said the death list was expected to total at least 60. About 250 were injured.

The brief shock left ancient churches and some of Cuzco's most beautiful historic buildings in ruins

Stock Market Down After Early Fall

New York, May 23—(AP)—The stock market soon found a bottom today after a mild early decline.

Most losses were fractional and a good many leading shares either remained at Monday's closing levels or inched ahead

Among the gainers were Chrysler, U. S. Rubber, Sears Roebuck, Radio Corp., Westinghouse Electric, Santa Fe and Pennsylvania R. R.

On the losing end were Montgomery Ward, United Aircraft, Schenley, American Telephone, Chesapeake & Ohio and Gulf Oil.

Deaths

HENRY MACKIN

Henry Mackin, 67, died at 4:30 a. m. Monday at the Amboy hospital where he had been a patient since Friday Mr. Mackin, a bachelor, was born April 11, 1883, in Marion township, Lee county and lived most of his life in May township.

Funeral services will be held at 9:30 a. m Wednesday at St. Patrick's church, Maytown. Rev. Sylvester J. Eye will officiate. Burial will be in St. Mary's cemetery, East Grove township. The rosary will be recited at 9 o'clock tonight at the Tomlinson funeral home, Amboy.

Presbyterians Hit Marriage To Catholics

Cincinnati, May 23—(AP)—The Presbyterian church in the U. S. A. was on record today as (1) opposing marriage of its members to Roman Catholics under the Catholic conditions, and (2) disapproving legalization of euthanasia (or "mercy killings").

This is the resolution by the church's special commission on marriage and divorce which the 162nd general assembly adopted:

"Resolved, that this convention earnestly warns members of our church against contracting marriages with Roman Catholics under the conditions imposed by modern Roman canon law, especially as these conditions involve a promise to have their children brought up in a religious system which they cannot themselves accept."

"And further," the overture read, "because the religious education and spiritual training of their children by word or example is a paramount duty of parents and should never be neglected nor left entirely to others, we assert that in no circumstances should a member of this church give any understanding, as a condition of marriage that the children should be brought up in the practice of another communion."

The commission then recommended the church unite with the Protestant Episcopal church in the U. S. A. in the stand and "call upon all ministers of the Presbyterian church to inform our people of this action in all its implications."

The Episcopal church made a similar resolution last October at its general convention.

The recommendation frowning on making legal so-called mercy killings was introduced by a Chester, Pa., delegation. Chester was the scene of such a slaying recently.

Mercy killings were attacked as being against the commandment, "thou shalt not kill." Legalizing euthanasia would "open the door to the most dangerous and vicious practices," the resolution claimed.

Earl Shelton Machine Gun Target Again

(Continued from Page 1)

year and in September, 1949, "Little Earl" was seriously wounded when a volley of shots was fired at him from an automobile near his Fairfield home.

During the 20's the three Shelton brothers and their gang carried on a racket warfare, using armored trucks and a plane to battle rivals over several Illinois counties. Authorities estimated 40 men lost their lives in the struggles.

The latest shooting, from ambush like the others, occurred about 3:45 p. m. (CST). Little Earl reported. He added:

"I just put my foot to the floor boards and took off."

Although Big Earl was quoted as saying the assailants were not seen, Deputy Elmer Brown said, "I understand Little Earl said that he knew who fired the shots, but was filing no charges."

Little Earl also told a reporter, "if I did know I wouldn't tell you because you'd put it in the paper."

The Wayne county deputy sheriff said no clue was found at the scene. Brown said at the place where the assailants were said to have been hiding behind a ditch bank, "there were footprints but no shells."

Big Earl was reported to be at his rural home near Merriam today.

Study Explosion After Effects In South Amboy

South Amboy, N. J., May 23—(AP)—This city's explosion disaster has given the army a chance to study what might happen if America were bombed.

The department of the army has sent two scientists here to study after-effects of the munitions blast which shook South Amboy Friday, killed 31, injured more than 300, and ruined the waterfront.

The American continent escaped bombing in both world wars, and army have only the experience of foreign countries to go on when guessing how bombs might affect American cities. Now South Amboy has become a laboratory that may throw some light on how Americans might behave in a surprise bombing raid

There is still no official explanation of what caused 600 tons of munitions, destined for Pakistan, to blow up at the docks. Witnesses at a coast guard hearing in New York yesterday limited themselves to guesses.

Obituaries

ALLEN F. SANFORD

Memorial services for Allen F. Sanford of Dixon, were held Thursday, May 18, at 1:30 p. m. in the Memorial Chapel of the Chapel Hill funeral home.

Mr. Sanford was born March 17, 1867 at Washington Grove, and spent his entire life time in this and Dixon communities. He died at the age of 83 years and two months.

He is survived by his two sons, Morris of Dixon and Burnell of Polo; two grandchildren, Theodore and Delores; two brothers, W. S Sanford of Ashton and P. B. Sanford of Kings; one sister, Mrs. Addie Averill of Oregon and a host of friends. He was preceded in death by his wife in 1934.

Rev. P. O. Bailey of the Grace Evangelical church of Dixon, officiated and interment was in Washington Grove cemetery. The songs "Abide With Me" and "In The Sweet By and By" were sung by Mrs. Wilbur Schreiner accompanied by Mrs Frank Randall at the organ. Pall bearers were, Ray Statler, Lowell Guntle, Norb Bieschke, Art Hoben, Cliff Floto and Lawrence Schott.

FLOYD D. SEARLS

Amboy—Services for Floyd D. Searls, 51, who died Sunday in his home in Wheaton, were held this morning in a Wheaton church. Graveside services were at 2 p. m. Tuesday in the Binghampton cemetery, just east of Amboy.

Mr. Searls, a son of Levi and Minnie Smith Searls, was born Aug 23, 1898, in Amboy. He was a pharmacist and had been employed in Amboy, Dixon, Wheaton, and LaPorte, Ind. He had been in Wheaton the last five years, having purchased a drug store there four months ago Mr. Searls was a member of the Illinois Central lodge, A. F. and A. M., Amboy, and was a former adjutant of Pohs-Lavelle post, American Legion. He was a veteran of world war I.

Surviving are the widow, the former Marguerite Smith; two sons, William, Champaign, and Warren, at home; a daughter, Joyce, at home, his parents, living in Binghampton; four brothers, Lyle, Chicago, and George, John, and Glen, all of Amboy; four sisters, Mrs. Thomas Dillon Crystal Lake, Mrs. Emil Kohlt, Chicago, Mrs. M. G. Mimm and Mrs. Albert Gascoigne, both of Amboy; and one grandchild.

On the planet Neptune, a year is equal in length to about 60,000 days on earth.

The length of the average commercial truck haul in the United States is approximately 110 miles.

Frank Sinatra Returns Home From Visit to Ava With Gifts

Hollywood, May 23—(AP)—Frank Sinatra's swank suburban home was due for a visitor sometime today—Frankie boy himself bearing gifts.

The slim crooner returned by air night from a vacation on which he saw glamor queen Ava Gardner in Spain.

From Paris he brought his estranged wife, Nancy, a gold charm bracelet with a tiny "Eiffel tower and stuff" on it.

For their three youngsters he had a little music box from Paris and toys from New York City.

Reporters asked if there might be a reconciliation with his wife, who has filed a separate maintenance suit.

"I'd rather not answer that," he said.

What about his reported romance with Ava?

"No comment," Frankie replied abruptly.

He denied a report he had taken her an emerald necklace worth $10,000.

What he did take Miss Gardner, he said, was "12 bottles of coke, some chewing gum, a magazine and two pounds of chocolate. She wrote and asked me to bring them."

As for Mario Cabre, the Spanish bullfighter, reported in love with Ava: "No comment: I don't know anything about it." Cabre is acting in a picture with Ava.

C. of C. Committee to Entertain Chicagoans

The activities committee and members of the board of directors of the Dixon Chamber of Commerce will entertain a group of Chicago business and professional men at the Elks club Thursday afternoon.

The group will be guests of the Chicago, Burlington & Quincy railroad which each year conducts a tour which this year will include a visit to Rockford, the White Pines state park and Grand Detour, terminating at the Elks club. All members of the activities committee and directors of the Chamber are requested to attend the reception.

Guard Encampments Booked for Summer

Chicago, May 23—(AP)—About 21,000 Illinois Guard members will get field instructions at Camp McCoy, Wis., July 1-15 and Aug. 12-26.

Lt. Gen Stephen J. Chamberlin, Fifth Army commander, said a total of more than 88,000 National Guardsmen, organized reservists and ROTC cadets will participate in field training at eight summer training camps in the 13-state Fifth Army area June 4-Sept. 4.

He said the series of two-week training periods will give attending military personnel practical experience and indoctrination in the latest tactics and techniques.

Eldena-Dixon Co-op Meets Here Thursday

The annual meeting of stockholders and patrons of the Eldena-Dixon Cooperative company will be at Loveland Community building Thursday, May 25, at 8 o'clock (DST).

Directors will be elected and new stock certificates will be issued

A dance will be held after the meeting.

Some 600 species of injurious insects are known to exist in the United States.

Hoggatt Draws More Time From Judge

(Continued from Page 1)

the parents as a baby sitter.

Concurrent Sentence

The federal judge who imposed the 60-year sentence also ruled that it run concurrently with his current 123-year stretch. It means that for every year he serves under his Illinois conviction, he's served a year under the Missouri sentence. In other words, the additional sentence doesn't change the amount of time Hoggatt has to spend in prison.

Hoggatt was taken to Missouri for the trial from Stateville under heavy guard.

He's made one bid for freedom since entering the state penitentiary, offering to have himself sterilized in exchange for release. Judge Dixon denied the petition.

Colony Plumbers on Strike; Bosses Meet

About a half-dozen plumbers at the Colony today joined eight journeymen plumbers already on strike for a wage boost from $1.25 to $2.40.

Journeymen plumbers were scheduled to meet this morning for a conference but union officials could not be reached for a statement.

Employers 13 of them from Dixon, Rock Falls, Morrison, and Sterling are scheduled to meet in Rock Falls tonight.

The bakery strike has reached a stalemate, but word was expected late today regarding steps being taken at a Chicago meeting to bring the walkout to an end. Neither side was too optimistic, however.

One pound of dirt is said to contain 40,000,000,000 germs, the smallest of which is 25-1000ths inch in diameter.

Sharp Note to Moscow Refers To Agreements

(Continued from Page 1)

that by creating the force Russia has "destroyed world confidence in the sincerity of its promises" and aroused world-wide doubt as to its pacific intentions."

The note said that if Russia wants to restore some measure of confidence in its assertions of peaceful intentions, "it cannot fail to dissolve immediately the militarized units which it has set up in Eastern Germany."

To Train Personnel

The State Department said the East German military force is made up of 39 bereitschharten alert units, to train enlisted personnel and at least 11 officer training schools.

"The force is armed with standard German infantry weapons, but its military capabilities are at present negligible," the memorandum said.

"However, in the future it could form the nucleus of a new German army or an internal security force to maintain Communist control."

The department said the key personnel in the German force consists largely of persons who are "old-line German Communists" who have spent time in voluntary exile in Russia from 1933 to 1945, or ex-German army officers who "graduated" from Soviet prison of war camps.

The American note, presented to the Soviet foreign office by Ambassador Alan Kirk, recalled that Russian representatives have spoken often of Moscow's desire for peace

It concluded:

"If the Soviet government wishes to restore in some measure international confidence in its alleged attachment to peace, it cannot fail to dissolve immediately the militarized units which it has set up in East Germany."

SPOTLIGHT on SPORT

By MARSHALL JONES
Sports Editor

THE DIXON MERCHANTS baseball team will play a non-league contest at Peru this Thursday night at 8:00 p. m. (DST) . . . The opposing team will be the Young and Snyder nine, leaders of the Spring Valley Twilight league . . . The Peru team is also in second place in the Illinois Valley amateur league . . . They have won six games and lost one so far this season . . . This includes a 5-4 win over Sublette.

* * * *

REYNOLDS FIELD SOFTBALL goes into the second week of play tonight with the Church league in action . . . Grace church leads the teams with a record of two wins and no losses . . . Others are: St. Paul, 1-0; Baptist, 1-1; Tab. and West Side, 0-1; Bethel, 0-1; Christian, 0-1; and Brethren with a 0-0 record to date . . . A change in the schedule was decided for tonight when Bethel was not able to play . . . They traded spots with Baptist, who will play Christian tonight, and Bethel will play the original game the 1st of June instead.

* * * *

THE CITY LEAGUE teams have completed their first week of play and will be off on the second tomorrow night . . . Lindquists, the VFW, United Cigar and Ashton have won one game while losing none . . . Raynors, Fazzis, Moose and the Merchants will attempt to better their record of no wins and one loss each.

* * * *

THE NCIC BASEBALL season gets off to a start June 13 . . . Six competing teams include Ottawa, DeKalb, Princeton, Hall Township, Rock Falls and Sterling Township . . . Other conference members not taking part are Dixon, Mendota, Rochelle and Geneseo . . . Sterling Community will engage most of the NCIC teams on open dates but is not a member of the conference.

* * * *

LATE SPORTS . . . Frank Stranahan, the "strong boy" from Toledo, Ohio, opened his challenge for the British Amateur golf championship today with a blistering 9 and 8 second round victory over A. C. Gibson of Britain . . . Stranahan, who won the title in 1948, played some of the most impressive golf of his career as he shot 10 holes of the famous course in 36 strokes—Four under par.

* * * *

AN INCREASE OF more than $10,000 in accessory awards and special prizes for the 500-mile Memorial Day race was announced today by the Indianapolis Motor Speedway . . . Awards made by accessory manufacturers and special prizes will total $38,000, compared to $28,550 last year . . . The total at stake in the race and qualifications is $157,600, not including a bonus pledged by the Speedway if the gate receipts justify it.

All-Star Big Ten Honor Squad To Attend Loop's Track Meet

By JERRY LISKA

Chicago, May 23—(AP)—The 50th Big Ten outdoor track meet at Evanston, Ill., this weekend, shaping up as one of the hottest feuds in conference history, will be further spiced by a salute to a half-century all-star squad picked today.

To signalize the 50-year milestone in conference track competition, a 13-man squad of all-time greats was selected by league track coaches and Commissioner K. L. (Tug) Wilson.

Heading the list is Jesse Owens, jet-propelled destroyer of records for Ohio State in the mid-thirties. Owens was named the world's track athlete of the half-century in an Associated Press poll.

* * *

The mythical squad, still owning an aggregate of 36 major track and field records, was culled from more than 6,250 athletes who cavorted in Big Ten title meets since the turn of the century.

* * *

The honored athletes will be guests at Saturday's finals of the meet at Northwestern University's Dyche Stadium and receive presentations commemorating their excellence.

Owens was named as the Big Ten's top half-century athlete and awarded the 100 and 220-yard dash, 220-yard low hurdles and broad jump berths

Owens still owns three Olympic records, two world standards, two American records, one American college mark, one National Collegiate record and five Big Ten marks.

Although an incredible bolt of ebony down the running lanes, Owens' broad jump of 26 feet, 8¼ inches in the 1935 Big Ten meet also is one of the track's most outstanding feats. His 20.3 for the 220 dash and 20.7 for the 1936 Olympic 200 meter still stand alone in the record book. Jesse's 220-yard low hurdles mark of :22.6 still is a Big Ten mark as his :09.4 clocking for 100 yards, a record he shares outside the conference with four others.

Other Marks

McBenley set conference, American and world records for the 440 with a 46.2 performance in the 1946 Big Ten meet. Kane's 1941 conference 880 clocking of 1:151.3 still is a Big Ten record. Gehrmann, now a Badger senior, won the NCAA mile last year in 4:09.6. Porter won the 1948 Olympic 110-meter high hurdles with a record breaking :13.9.

Fonville, like Gehrmann, will compete at Evanston this weekend but, due to a back injury, never has regained his 1948 form which produced a shot-put of 58 feet 3¾ inches Minnesota's Gordien claims a world discus mark of 186 feet, 11 inches. Albritton still holds the Big Ten high jump mark of 6 feet 7¾ inches he set in 1938 Warne, a star vaulter of two decades ago, consistently cleared close to 14 feet. The 1946 Illinois mile relay team of Carl Ockert, Marce Gonzalez, Robert Rehberg and Herb McKenley will be present

Grand Circuit Opens Season

Arcadia, Calif., May 23—(AP)—The Grand Circuit season opens here today for a four week stand, as part of the Western Harness Racing association's program.

The Grand Circuit will offer $215,000 in purses, with the $50,000 Golden West Trot topping things off on June 10, closing day.

Colonial Golf Tourney Field Fills Up Today

Fort Worth, Tex., May 23—(AP)—The 36-man field for the $15,000 Colonial National Invitation golf tournament will be completed today. And the first news to hit the stars of the links tour as they come to town is that Ben Hogan still knows every blade of grass on tough Colonial country club course.

* * *

It hasn't been called "Hogan's Ally" for nothing—the mighty mite has won two of the three Colonial tournaments held to date and tied for second in the other. He also holds the competitive record of 65 for the 7,035-yard course.

* * *

Yesterday, Hogan, who had been ailing for a week from influenza, laid down a one-under-par 69, shooting 17 pars and a birdie on No. 17 where he rammed down a 12-foot putt

The only tune-up round thus far better than wee Ben's was the 68 Raymond Gafford of Fort Worth shot last week.

Fourteen of the entries in the tournament had arrived yesterday and all shot practice rounds except defending champion Clayton Heafner of Charlotte, N. C., who got in too late.

Harry Todd of Dallas and Norman Von Nida of Sydney, Australia, each had an even par 70 while Tony Penn of Cincinnati turned in a 71.

TEXAS VS. OKLAHOMA

Dallas—For the first time in history two Southwest Conference football teams will play intersectional games on the same day in the same stadium next fall.

Oct. 14, in the Cotton Bowl, Texas will meet Oklahoma in the afternoon and six hours later Southern Methodist will clash with Oklahoma A. & M.

The "double header" will furnish a comparison of the popularity of the two top drawing teams of the conference.

SMU in the past three years has become the top challenger to Texas in football attendance Last year SMU bested Texas by a long shot by crowding 484,000 fans into the Cotton Bowl for eight games. Texas, however, only played six home games.

Now comes a direct test. The Texas-Oklahoma game is always a sellout But what will it do to the SMU-Oklahoma A. & M. game? If that is a sellout, too, it will mean more fans will have seen football in one stadium on a single date than in southwestern and possibly national history. The Cotton Bowl seats over 75,000.

One thing sure is that Oklahoma fans will get a big break. They can see both of their state schools play without moving out of their seats.

Charles A. (Rip) Engle, Penn State's new football coach, formerly coached at Waynesboro, Pa., high school.

Joe Springer Heads Visiting Linkmen Here

Princeton's golf team won a NCIC dual golf meet here yesterday by downing the Dixon Dukes 8-4.

Joe Springer, Princeton's great track star, switched from the cinders to the links to take honors for the day. Springer shot a neat 35 to defeat Walt Lohse who totaled 44.

Dixon meets Rochelle's Hubs here tonight.

Spring (P) 35, beat Lohse (D) 44.

Hansen (D) 47, beat Anderson (P) 48

Dyke (P) 45, beat Leonard (D) 48

Murdock (P) 47, beat Tyler (D) 54.

Larson (P) 45, beat Lovett (D) 55.

Yount (D) 48, beat Armstrong (P) 53.

American Stars Figure Strong In British Meet

St. Andrews, Scotland, May 23—(AP)— Seventeen Americans, including all of Uncle Sam's big guns, still were in the running today as the weeding-out process continued in the British Amateur golf tournament.

Frank Stranahan of Toledo, Ohio, who took the crown home in 1948, was scheduled for his first official appearance on St. Andrews' historic old course. He met Britain's A. C. Gibson in the second round.

* * *

The tournament favorite, Willie Turnesa, took it easy after getting a second round default. He won his opening match without loss of a hole, expelling James Knott of New York, 5 and 3.

* * *

The field was to be reduced to 64 with completion of second round matches today.

Fourteen U. S performers, including crooner Bing Crosby, lowered their umbrellas in defeat yesterday in first and second round matches played in a penetrating drizzle.

Three others in the original entry of 34 pulled out without lifting a club.

Americans Strong

The American threat remained strong, however, and there were few who didn't believe one of the visiting brigade would snatch the title from big Sam McCready, the English Walker Cup star.

Besides Stranahan and Turnesa, leading contenders were Frank Strafaci of New York, who made a solid impression during practice rounds: Bill Campbell of Huntington, West Va.; Dynamite Bill Goodloe of Valdosta, Ga., and Dick Chapman, the former U. S. champion from Pinehurst, N. C

FAIR STAGG—Barbara Stagg is a member of the men's tennis team, the first girl to compete with men at Susquehanna in 92 years. She is a daughter of football coach Amos Alonzo Stagg, Jr., and granddaughter of the Grand Old Man of the gridiron game.

Musial Drops In Hitting to 62-Point Lead

New York, May 23—(AP)—Stan Musial, the St. Louis Cardinals' one-man gang, holds a 62-point bulge over teammate Joe Garagiola in the race for individual batting honors in the National league.

Musial's average dipped 28 points during the week, but including games of last Sunday, he still sported a robust .439 figure. Garagiola, who wasn't listed among the top 10 batsmen last week, is hitting 377.

Musial, in 25 games, has 43 hits in 98 at bats. The hits are the most in the league He also has the most doubles, 13, and is tied with three players for the most triples, three.

* * *

Behind the two St. Louis players come two ex-Cardinals—Dick Sisler of Philadelphia, with .371, and Johnny Hopp of Pittsburgh, with .369.

* * *

Defending titleholder Ralph Kiner of Pittsburgh, Jones and Sid Gordon of Boston are tied for the home run lead, with eight each. Jones has scored the most runs, 27, while teammate Del Ennis is No. 1 man in runs batted in with 27. Brooklyn's Pee Wee Reese has pilfered the most bases, five.

Bob Rush of Chicago leads the pitchers with a perfect 5-0 record. Ken Johnson of Philadelphia and Brooklyn's Dan Bankhead are next with 3-0. Philadelphia's Robin Roberts has struck out the most batters, 36, three more than has Warren Spahn of Boston.

Ned Day, Buddy Bomar Fail to Make ABC List

Columbus, O., May 23—(AP)—Some of the nation's top bowlers threw 'em down the alleys of the American Bowling Congress tournament yesterday—but the day ended without a change in the top 10 of the various divisions.

Two of these top keglers—Ned Day and Buddy Bomar of the Chicago Tavern Pale stars, have won national match game championships But they fell short of anything spectacular in singles and doubles.

With the tournament's largest week-day audience on hand to watch, Day opened his singles with a 270 (10 strikes, two spares). Then he lost his touch and ended up with 175 and 200 for 645.

Bomar had 593 in singles. Day and Bomar's doubles score was 1243.

Princeton Takes Golf Win From Dukes

SCOTLAND LOVES CROSBY—Crooner Bing Crosby may not be leading in the British amateur golf tournament, but in this pre-tourney practice round at St. Andrews, Scotland, he certainly leads in popularity. Tourney favorite Willie Turnesia advanced through the opening round but Crosby, who was eliminated by J. K. Wilson of Scotland, 3 and 2, kept right on stealing the crowds.

Newhouser, Newcombe Shake Shoulder Ills; Each Win

By JOE REICHLER
Associated Press Sports Writer

If Hal Newhouser and Don Newcombe have sore shoulders, there are a flock of strong-armed, healthy looking hurlers who would like to have some of the same.

Newhouser, the veteran Detroit southpaw, stopped the surprisingly potent Washington Senators with eight hits in pitching the Tigers to a 5-1 triumph Newcombe gave a similar eight-hit exhibition against the Cincinnati Reds as the Brooklyn Dodgers won by the identical 5-1 score.

Both hurlers were plagued by ailing arms all spring. Each traced his misfortune to an aching shoulder muscle

The victory increased the Dodgers' first place lead over Philadelphia in the National league pennant race to a full game. The Phils were one of the six clubs in the loop to enjoy an off day.

* * *

Scarborough, the Washington loser, pitched even though he was notified a couple of hours before game time that his father had died at Mt. Gilead, N. C. The righthander left immediately after the game.

* * *

Vic Raschi of the New York Yankees pitched a strong game in subduing the Cleveland Indians, 7-2. Raschi, who missed his last turn because of an elbow injury, allowed the Indians only five hits in registering his fourth triumph against two losses.

The victory enabled the front running Yankees to retain their two and a half game lead over Detroit in the American league race.

Vern Stephens rapped two home runs for Boston but it was not enough to stop the Chicago White Sox from defeating the Red Sox, 10-9, in 10 innings.

Stephens' second homer and his eighth of the season, came in the top of the 10th with a man on and put Boston in front, 9-7. The White Sox, however, came back with three in their half of the 10th. A pinch single by Eddie Malone scored Jim Busby with the winning run.

Stephens' first four-bagger came in the fifth to highlight a five-run rally. That evened the count as Chicago had taken an early 5-0 lead at the expense of lefty McDermott.

Gus Zernial's seventh inning homer with one on regained the lead for Chicago, but Boston tied the score in the ninth to force the game into extra innings.

Philadelphia's Athletics and St. Louis' Browns were idle.

Yale Threatens Michigan State In IC4A Meet

New York, May 23—(AP)—If any team is going to beat Michigan State out of the IC4-A track and field title Friday and Saturday, it probably will be Yale—and strangely enough, Eli Coach Bob Giegengack thinks he can do it.

"With a few breaks, I think my boys can score 35 points," he told the weekly luncheon meeting of the New York Track Writers' association yesterday. And 35 points certainly should be enough to win.

Most of the Elis' strength is concentrated in the field events, what with such worthies as Jim Fuchs and Vic Frank in the shotput and discus, respectively. They are the sure points. Fuchs should be able to grab second in the discus, too, with perhaps Dick Bowers and Bob Spears grabbing off third and fourth.

FIGHTS

BOSTON—Joe Rindone, 163½, Boston outpointed Joe Blackwood, 165½, Patterson, N. J. (10)

PROVIDENCE—Sonny Boy West, 159½, Washington, D. C. knocked out Mario Pacheco, 135½, Havana (1)

TORONTO—Arthur King, 158, Toronto outpointed Massimo Sanna, 137, Italy (10)

HARTFORD—Teddy (Red Top) Savis, 130, Hartford outpointed Julie Kogon, 134½, New Haven (10)

WASHINGTON—Jimmy Cooper, 158, Washington, and Charley Titone, 125, Brooklyn, drew (8)

NEW ORLEANS—Enrique Bolanos, 135, Los Angeles, outpointed Guillermo Gimenez, 134, Buenos Aires (10).

Doby's Hitting Spree Gives Him American Lead

Chicago, May 23—(AP)—Cleveland's Larry Doby, slamming six hits in six times at bat in a four game spree, soared into the American league hitting lead last week with .415.

In averages compiled through Sunday's games, Doby had collected 34 blows in 82 trips to be four points ahead of Philadelphia's Paul Lehner with .411.

* * *

Doby was not among the leaders a week ago. He replaced Walter Dropo of Boston on top as the Red Sox rookie dived to .346 and ninth place.

* * *

Boston continued to dominate the specialized bracket with Dom DiMaggio having the most runs, 31, Ted Williams the most runs batted in with 36 and the most homers with 11; and Vern Stephens with the most hits, 41.

Vic Wertz of Detroit and Rizzuto shared the doubles lead with 10 two-baggers apiece while Henrich led in triples with five.

Philadelphia's Bob Dillinger was ahead in stolen bases with four thefts.

Allie Reynolds of New York topped the pitching records with 4-1 and also was the strikeout leader with 36.

Reinstate Two State Horsemen

Chicago, May 23—(AP)—H. W. Ostle of Collinsville, Ill, race horse owner and trainer, and his groom, James Watts, have been reinstated by the Illinois Racing Board after a trace of caffeine was found in their horse, Genie's Mate, at Sportsman's Park May 15.

The board said caffeine apparently was in the horse's food. The type of food (turfman's private formula) is barred from Illinois tracks until the trace of caffeine is removed by the manufacturer, the Board ruled.

Akerman Ties, Toms Sets New Mark for Dukes

NCIC FROSH-SOPH STANDINGS

Ottawa	5-
Sterling	3-½
Geneseo	2-½
Rock Falls	3-½
Hall	2-½
Princeton	1-½
DeKalb	1-½
Rochelle	1-
Dixon	1-½
Mendota	2-

Mendota —(Special)— Ottawa surprised the North Central conference freshman - sophomore teams here Monday by taking a close but well-earned victory. Sterling Township was second in the scoring columns that featured a close race throughout. Only Mendota was far out of the running.

Three new records were set, and one tied, in the day's competition. Wayne Ackerman and Darwin Toms turned in impressive wins for the Dixon Dukes Ackerman skipped over the high hurdles in :9.5 seconds to tie the conference mark. Toms ran the most impressive mile of his young career in lowering the mile run mark to 4 minutes, 53. 8 seconds.

New times were posted in the half-mile by Powell of Sterling, and in the 220 by Gage of Ottawa.

Princeton's Skold pushed the shot put to 45 feet, 9½ inches in one of the day's better marks.

The varsity NCIC meet will be held at the Sterling Township track Friday

NCIC TRACK SUMMARIES

Shot put—Won by Skold (P); Hult (P); Lock (O); Card (RF), Musgrove (S). Distance—45 feet, 9½ inches.
